## e-Democracy is free trade travel trust education worldwide. No more WARS ever.

[UNlocracy.ORG](http://UNlocracy.ORG) is your new society run FOR, BY, and OF all 7.7 Billion of my people. Anti terrorist and all other crime ring networks will scream bloody murder their secret web based enterprises are identified with [FOIA.ONE](http://FOIA.ONE). Open Circuit TV is part of the new all digital resource based Interlink (Internet) free open public source network as our people now control all access to their own data to alleviate all privacy right concerns. In true face fact, privacy is exactly when criminals demand as they skirt all human right laws by infiltrating the same secret databases that truly control all aspects of humanity starting with stock markets, financial trades and storage, banking details, intellectual property, trade secrets, and other aspects of eCommerce controlled BY the Bank-sters, con-artists, cyber crime terrorists, and other corrupt political nemesis super crime RICO rings.

Protecting your future are the plans of total salvation. No one in history of legendary purpose has ever successfully road mapped a new world society free of almost all crimes. Criminals, politicians and most corrupt corporate executives never pay full taxes to support the infrastructure of their domains. With full scale assault deployment of eVOTE.ONE, everyone becomes [teenMM.com](http://teenMM.com) [solutionManifesto.com](http://solutionManifesto.com) free trade, travel, and trust co patriots who fearlessly protect the rights of all others to ensure no crimes ever go unpunished by the Will of Large number Majority of those affected. The ramifications of these ministries are profound in basic foundational principals of GOD'S commandment laws that supersede, null, and void almost all man made cryptic self serving laws.
